NAYS: None

The motion was declared to be carried

Baker signed Part 3 of the Short EAF. Beer signed the revised Part 1 with the Planning Board changes.

Baker read the following agenda item:

117 **Discussion of Solar Array Draft Law**

118 *The Planning Board will be reviewing and discussing a draft of the proposed Solar Array Law.*

119 Baker will send out a clean copy of the final version of the Solar Local Law and the Solar
120 application within the next few days for review. Baker asked the Planning Board members to email
121 him any final changes so that an actual final document could be available for the January 8th
122 Planning Board meeting with the intention of offering a recommendation to the Board of Trustees
123 for its next meeting.

124

125 **Trustee Report**

126 Gillespie gave a summation of the December 4th Board of Trustees meeting. The Zoom meeting
127 can be viewed on YouTube.

128

129 **Other Business**

130 The Planning Board discussed the quote for the required road signs at Lansing Meadows that was
131 provided by Eric Goetzmann. Baker stated that the conditions of the extension require a receipt
132 and not a quote for the signs. Scott will contact Goetzmann for a receipt.

133

134 Scott had spoken to Goetzmann about the Phase I landscaping regarding the trees to the North of
135 Building 2. Trees are shown on the signed final landscaping document but no trees have been
136 planted. This is an issue that needs to be taken care of before the spring deadline.

137

138 Schleelein suggested that, moving forward, the Planning Board be stronger about requiring more
139 attractive landscaping features.

140

141 Scott stated that someone had contacted him about a lot line change. A lot line change is when 2 or
142 more contiguous parcels owned by the same entity request moving a common lot line changing the
143 sizes of the original parcels. Village Code Section 125-26E touches on this subject but, in Scott's
144 and French's opinion, this section could be worded better. As a result, French has suggested that
145 the Planning Board review the request in the same manner as a subdivision until a change has been
146 made to the Code section.

147

148 French stated that even though the request is not a subdivision, some type of review should be
149 done so that a signed plat can be filed with the County Clerk and Assessment Department.

150

151 Schleelein added that this is just another update that needs to be reviewed in the Village Code.

152

153 There will be a tour of the new Cayuga Medical Center located at the Shops at Ithaca on Thursday
154 December 14th at 3:00.

155

156 **Adjournment**

157 Gillespie moved to adjourn at 7:50. Seconded by McCauley.

158 Ayes: Baker, Capogrossi, Gillespie, McCauley and Schleelein.
